## Activity report

Seminar on "Social and Ethical Engineering"  
(15<sup>th</sup> Dec, 2021)

**Event:** Seminar on "Social and Ethical Engineering"

**Resource Person:** Mr. Devdata Gokhale, GATI, Jalgaon, Maharashtra

Department of Computer science and engineering has organized Seminar on "Social and Ethical Engineering" on 15<sup>th</sup> Dec, 2021 for Computer Science & Engineering faculties and students. The inauguration ceremony of this workshop was blessed with imminent faculties of college and the resource person for this seminar Mr. Devdata Gokhale.

Head of CSE department **Mr. A N Patil** in his speech addressed all the audience by his precious words. He started with **the set of rules and guidelines that engineers adhere to as a moral obligation to their profession** and to the world he further explored Ethics are principles followed depending upon the moral responsibility that a person feels.

With great efforts of Head of CSE department Mr. A N Patil and coordinator **Dr. S V Balshetwar** and committee members, workshop was successfully conducted. Total 29 participants attended this workshop.

**Session 1:** What are technical papers? What is the difference between research paper and technical paper? Research papers are composed customarily by an understudy at a university or college, and the work is ordinarily allotted. A technical article is a piece, of around a subject that has as of late investigated or surveyed and composed by an master in that field. What is analysis and design? She also explained importance of keywords, literature review and proposed solution in a technical paper. Further in the session she explained the layout of a formal technical paper typically and explained following key elements: Abstract, Introduction, Work Done, Results & Discussion, Conclusion, and References in it.

**Session 2** How to write a good technical paper? How to identify good conference and journal? How to make good presentation in the conference? Important skills for a successful career in research.

This seminar fulfilled its prime objectives to bring the students and faculties from the department to onto one platform and update on importance of technical paper writing with the advances in important skills for a successful career in research. This day was concluded with valedictory function held by Prof. Renushe. Coordination with students and faculty was done by Prof. Kadave throughout the sessions.

  
Your's faithfully

Dr. Balshetwar S V
