To,  
HOD of ENTC,

Subject:- Requirement of PC in department.

Respected Sir,

With the reference of above subject  
we are student from S.Y. Btech ENTC. w  
we want more number of PC's for the  
programming related subjects.

So we request you to provide us PC's.  
we are hopeful for your favourable action.

### Assessment of Program Education Objectives (PEOs) after graduation

(Rate your Judgment by putting tick mark (✓) in the appropriate column for the following PEO's)

Sr. No.	Description of PEOs of the Program	5	4	3	2	1
1	Students will demonstrate technical expertise, leadership and ethical qualities to design & execute Civil Engineering Projects	✓				
2	Students will exhibit qualities of teamwork with effective communication, lifelong learning to address real world civil engineering problems.	✓				
3	Students will effectively administer civil engineering projects with multidisciplinary approach		✓			
4	Students will develop sensitivity towards environment and society for sustainable development including disaster management		✓			

### Assess attainment of POs by you during four year

(Rate your Judgment by putting tick mark (✓) in the appropriate column for the following PO's)

Sr. No.	Description of POs	5	4	3	2	1
1	<b>Engineering Knowledge:</b> Apply the knowledge of mathematics, science, engineering fundamentals, for providing solution to complex civil engineering problems.	✓				

2	<b>Problem Analysis:</b> Identify, formulate and analyze complex civil engineering problems for providing substantiated conclusions	✓				
3	<b>Design Development of solutions:</b> Design solutions for complex civil engineering problems and design system components or processes that meet the cultural, social and environmental considerations		✓			
4	<b>Conduct Investigations of Complex Problems:</b> Use research-based knowledge & research methods including design of experiments, analysis & interpretation of data to provide effective conclusions	✓				
5	<b>Modern Tool Usage:</b> Create, select and apply appropriate techniques, resources, and modern engineering for prediction and modeling of complex engineering phenomenon with an understanding of constrains involved.	✓				
6	<b>The Engineer and Society:</b> Apply reasoning informed by the contextual knowledge to assess social, cultural and legal issues along with consequent responsibilities relevant to the professional engineering practice.		✓			
7	<b>Environment and Sustainability:</b> Understand the impact of civil engineering solutions on the environment and try to provide sustainable solutions.		✓			
8	<b>Ethics:</b> Depict commitment towards professional ethics, responsibilities and norms of the civil engineering practice.	✓				
9	<b>Individual and Team Work:</b> Function effectively as a team member in a group with the capacity to be a leader or manager.	✓				
10	<b>Communication:</b> Communicate effectively in diverse global environments.		✓			
11	<b>Project Management and finance:</b> Demonstrate knowledge and understanding of the engineering and management principles and apply to manage projects in multi-disciplinary environments.		✓			
12	<b>Lifelong Learning:</b> Have the ability to engage in independent & life-long learning for understanding the ever widening sphere of knowledge.	✓				

**Assess attainment of PSOs by you during four year**

(Rate your Judgment by putting tick mark (✓) in the appropriate column for the following PSO's

Sr. No.	Description of PSOs of the Program	5	4	3	2	1
1	The graduates will analyze and mitigate the natural disasters for the effective disaster management	✓				
2	The graduates will be able to acquire sound technical knowledge to analyze and work on critical civil engineering issues.	✓				

### Analysis of Curriculum

Grade the questionnaires regarding the Curriculum of your program
