

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. Title of the practice:

GATE Training to students

Objectives of Practice:

- To make the students capable for competitive exams.
- To enhance conceptual knowledge of students in particular course and disciplines through instructions particularly for solving novel problems in the respective area.
- To improve thinking skills to generalize as well as to standardize the methods and concepts to other applications.
- To develop systematic methods for learning from problem sets, including: how to apply and transfer conceptual knowledge; identify common obstacles and errors; and contextualize problems within the themes and concepts of the course.

The Context:

- Institute has started providing GATE Training to third year and final year Engineering students from professional trainers and using GateTutor software. In-house GATE training program has been designed & implemented to prepare our students for competitive exams such as GATE/IES.

2. Title of Practice:

Prizes to meritorious students

Objectives of Practice:

- To motivate the students to reach at higher levels of success and keep consistency in their academic performance.
- To provide a tangible reminder of what is possible.
- To support needy students.

The Context:

It promotes students who are economically backward and need financial assistance. This practice is for promoting the students to have excellent performance in University Examinations and competitions. In this context, the institution has been doing the practice of giving prizes to the meritorious students.
