

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

College is in a rural background and the motive behind establishing this was to provide quality and outcome-based education for the students belonging to this area. Institute is trying to make students competent to face challenges in today's world. For this, various skill development programs are conducted for faculties as well as students. Institute has collaboration and tie-up with various industries for empowering placement of students. Various research-oriented activities are conducted to impact innovations in the field of engineering which will be indirectly helpful for society and its socio-economic development.

In line with the institute vision, the department encourages students and faculty members for Good quality research work that could also get published in the National / International reputed conferences and journals. A few innovative ideas could then be converted into filing patents. In order to support this initiative, Institute encourages students to work on their Innovative /Entrepreneurship ideas by way of providing separate workspace within the campus and necessary laboratory infrastructure in terms of hardware and software, and faculty guidance. The facility is termed as Entrepreneurship Development Cell (EDC) and students get complete freedom in terms of laboratory equipment and Internet usage. It is expected that students would develop new products/services and make them commercially viable in the market. Students also receive financial assistance from the Institute in terms of seed money/encouragement awards to start their research and development work.
