DEPARTMENT OF CIVIL ENGINEERING

Newsletter

AAKAR

2022-23 SEM I

Vision

To produce globally competent civil engineers for the sustainable development of the society.

Mission

We the Department of Civil Engineering are committed to achieve our vision by

- M1. Empowering the student with sound technical knowledge and professional skills.
- M2. Grooming civil professionals with ethical values for research, development, entrepreneurship & leadership for sustainable development of the society.
- M3. Applying modern construction techniques and materials along with construction management principles for continuous improvement and enhancing employability skill.

About Us

The Civil engineering program will serve Connecting link to the nation by providing a quality engineering education that enables students to enter a profession that can improve the civil infrastructure, and economic welfare. Our civil engineering program will maintain a strong emphasis on undergraduate education with the goal that our program will be recognized for quality instruction in civil engineering analysis and design. An important emphasis of the civil engineering program is preparation of students for professional engineering licensure and practice, and we expect that most of our students will pursue this objective following graduation.

Sports Secretary:	Aman Kacchi

Department Events

Name of Event: Field visit to Rain gauge station and Dam at Radhanagari, Kolhapur

Date: 18th October 2022

Location: Radhanagari, Kolhapur

Organized by: Dept. of Civil Engg.

Name of Event: Field visit to WTP Malkapur

Date: 18th October 2022

Location: WTP, Malkapur

Organized by: Dept. of Civil Engg.

Name of Event: Model making competition

Date: 11th Nov 2022

Location: Dept. of Civil Engineering

Organized by: Department of Civil Engineering

Name of Event: Expert lecture on dam safety monitoring and lake tapping of Koyana dam by Mr. D. M. Modak (Ex Chief Engg., WRD Maha.)

Date: 11th November 2022

Location: Auditorium

Organized by: Dept. of Civil Engg.

The Department of Civil Engineering, in association with the student society, organized an expert lecture on "Lake Tapping of Koyana Dam on the 11th of November 2023. The lecture was delivered by Mr. Modak, an eminent civil engineer who has extensive experience in the construction of dams. The lecture was attended by students, faculty members, and professionals from the industry.

The lecture began with a brief introduction to the Koyana Dam and its importance in power generation and flood control in the region. Mr. Modak explained that the dam had been operational for several decades and has contributed significantly to the development of the region. He further explained that it was necessary to tap the lake for various reasons, including the need for maintenance of the dam and the utilization of the water for other purposes.

Name of Event: Freshers Party 2K22

Date: 06th Dec 2022

Location: Dept. of Civil Engineering & Auditorium

Organized by: Department of Civil Engineering
